

## OREGON COMMISSION ON AUTISM SPECTRUM DISORDER LONG-TERM VISION

April 6, 2021

Review Date: January, 2022

**3.2 Service navigators.** Across the lifespan, every family and adult will have access to service navigators who are knowledgeable about evaluation, services, and supports for individuals with ASD and their families relevant to the individual's age. Autism navigators will help families and individuals identify and understand how to access those resources. Autism navigation will start immediately upon referral of a child for an ASD evaluation.
